

\$1,850,000 - 211 29th, Brooklyn

MLS® #495480

\$1,850,000

0 Bedroom, 0.00 Bathroom,
Multi-Family

N/A, Brooklyn, New York

Welcome home to this elegant three-level two family brick home with private driveway and garage in the heart of Greenwood. This well-kept home flooded in both south and north-facing sunlight is situated on a peaceful street just minutes from locally owned shops and eateries.

Enter the parlor floor with high ceilings to find a spacious living room, two bedrooms (or one bedroom with office), one full bath and a full eat-in kitchen. Exit the parlor floor kitchen and enjoy your morning coffee, afternoon art session or evening barbecue with family and friends on your beautiful rear deck and garden access below. You will forget you are in the city as you peer out toward the north-facing deep garden and watch the birds that visit daily.

The top level of this light filled home features a living room, eat-in kitchen, two generously sized bedrooms, a separate office space, a full bathroom, linen closet and skylight above the staircase. The third room will make an ideal home-office, children's room or guest room.

The ground/lower level of the home is a welcome addition. This space is large enough to entertain friends and family, keep a large group of kids busy or make a great home-gym. It would also make an ideal private office or work from home space thanks to the

large windows and separate front entrance from the street. It has a bathroom, laundry room as well as a mechanical room with access to the rear garden.

This great location sits at the crossroads of the happening bar and restaurant scene of the South Slope and transformative Industry City. Enjoy the Food Hall with purveyors such as Colson’s Patisserie, Sahadis, Japan Village and much more. The R train at 25th Street is just minutes away, while the nearby D/R/N express at 36th Street shuttles passengers into Manhattan as well. With all of this and more at your fingertips, come fall in love with Greenwood Heights! Future expansion is a possibility with unused FAR, R6B Zoning.
