Welcome home to this masterfully gut-renovated two-family brick townhouse located on one of Crown Heights's most picturesque landmarked blocks. While the street itself is protected for its historic charm, the property is not landmarked—giving you the rare combination of a beautiful historic setting and the flexibility of modern renovations. This home has been completely rebuilt from the inside out with no detail overlooked. From the striking hunter green brick façade to the custom black cornice and new stoop, the curb appeal is exceptional. A dramatic black entry door framed by new black windows opens into a charming arched vestibule, where restored period details meet sleek, modern design. The owner's triplex features 3 bedrooms, 2.5 baths, and a finished basement with interior access. The parlor floor boasts an open concept living and dining area, anchored by an original pier mirror, a restored wood mantel, and soaring ceilings. The chef's kitchen is the centerpiece, with custom cabinetry, a waterfall-edge island, stainless steel appliances, and a panel-ready refrigerator. Come outside to a massive steel deck that overlooks a spacious backyard—ideal for entertaining or quiet relaxation. Upper level, the primary suite includes wall-to-wall closets, a beautifully designed en-suite bath, and a bay window with treetop views. Two additional bedrooms, a second full bathroom, and a laundry closet with a stackable washer/dryer complete this

level. Two solar-powered skylights flood the home with natural light. The finished basement offers a half bath and flexible use as a home office, gym, media room, or playroom. The garden-level 1-bedroom unit mirrors the high-end finishes of the owner’s unit, complete with a spacious living area, modern kitchen, full bath, in-unit laundry, and private entry—perfect for rental income or guests. Designed by the acclaimed My Beautiful Home Designs.
